April 8, 2024

Dear Saints;

God bless you abundantly in Christ, God's Son, our returning lord and savior.

Although God has made me perfect in Christ, at times I fall short in other categories. Because of an error in the information I gave Kevin Browning for the 2024 Summer School teaching schedule, two of the class topical names need clarification and one needs to be changed;

Rev. and Mrs. Arthur Poling are teaching: *A Scope of the Old Testament* (changed)

Rev. Daniel Bader is teaching: *An Overview of the Gospels* (clarified)

Raymond Myers is teaching: *The Gospel in the Stars* (clarified)

Based on these corrected teaching titles, if you to want to change your application, please let Kevin Browning know. browningk788@gmail.com I apologize for any inconvenience this may have caused. Applications already received and all future applications will be considered according to the teachers and topics in the corrected class list below.
